

Question-1) How do you create an org chart without Visio?

Answer-1)

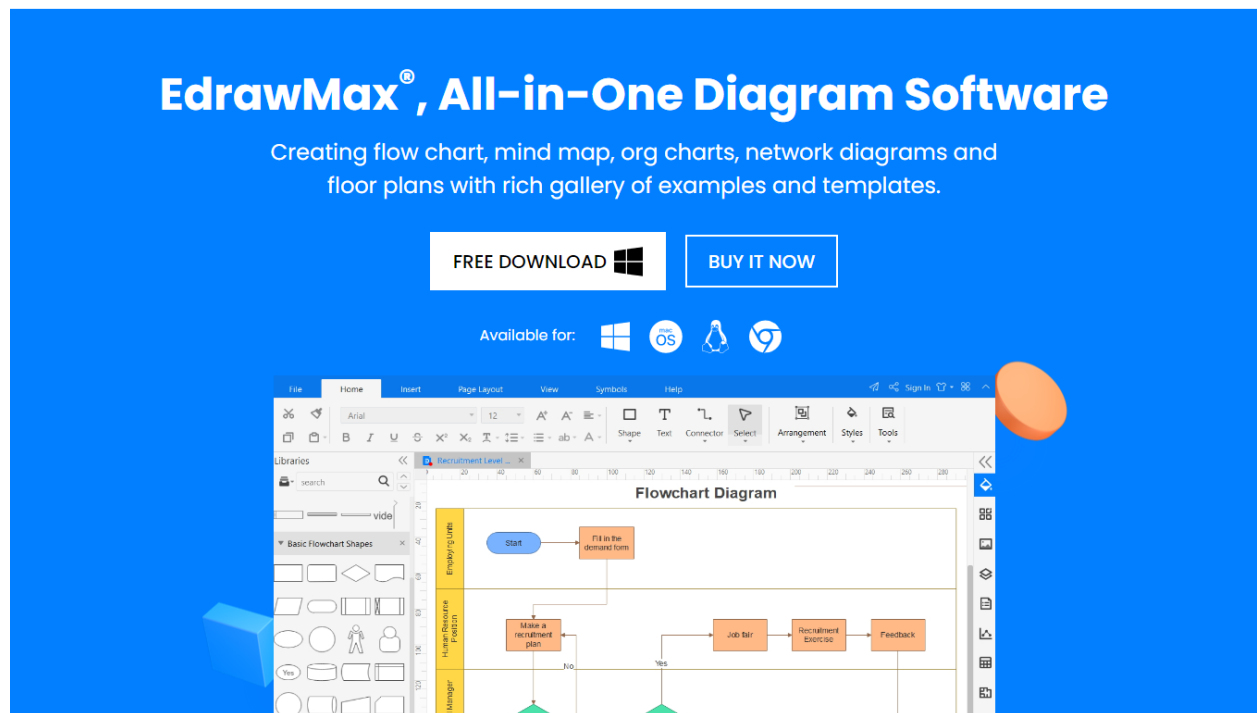

An Overview: Organizational Chart.

Diagrammatic representation of a company's internal hierarchical structure showing the details of the roles, responsibilities, and relationships between individuals refers to an organizational chart.

We can draw Organizational Charts to represent the existing management structure of any organization or to represent the existing structure in any department.

Although there are many online tools available to draw organizational charts, some organizational chart software only allows the charts to be presented in PowerPoint on the company intranet.

EdrawMax[®], All-in-One Diagram Software

The screenshot shows the EdrawMax software interface with a flowchart diagram titled "Flowchart Diagram". The diagram illustrates a recruitment process: "Start" leads to "Fill in the demand form", which then leads to "Make a recruitment plan". A decision point follows: if "No", it loops back to "Make a recruitment plan"; if "Yes", it proceeds to "Job Bid", then "Recruitment Exercise", and finally "Feedback". The software interface includes a menu bar (File, Home, Insert, Page Layout, View, Symbols, Help), a ribbon with various tools, and a library of shapes on the left.
